ARIBS Palm Peat

100% natural organic soil improver · Made in Oman

Better soil, grown in Oman

ARIBS palm peat is made from Omani date palm material at our factory in Barka. It helps soil hold water and stay loose, so roots can grow.

Palm Peat, 200 Litre Bag

- Sealed 200 L bag
- Easy to store, stack and transport
- For shops, home gardens and nurseries

Loose Palm Peat

- Loose / bulk
- Sold by KG or Ton
- For farms, landscaping and large projects

Typical lab values

Organic matter	pH	EC (1:5)	Moisture
80–90 %	**6–7**	**0.5–0.75 dS/cm**	**40–60 %**

Typical ranges. Values can vary slightly from batch to batch.

Why ARIBS palm peat

- Holds water and releases it slowly to the roots
- Keeps soil loose and airy
- 100% natural, made only from date palm material
- Arrives moist and ready to use
- Made in Barka, Oman: no waiting for imports

Uses

Farms · Nurseries · Landscaping · Home gardens
